CIRÉ A L'ANCIENNE PÂTE

A real nourishing paste for wood Syntilor's Cire à l'ancienne en pâte preserves, nourishes and protects, furniture and wood coverings. Enriched with beeswax, it gives a beautiful patina and enhances the shine of your furniture.

- For all types of wood
- For furniture, objects, wood cladding
- For indoor use

PREPARATION

1

STEP

- If necessary, old wood coverings are cleaned with Décireur Syntilor cleaner or using Décapant Spécial Bois Chrono® Syntilor wood corrosive to obtain a clean wood without traces of stains and stains. Then rub lightly (sandpaper No. 120-150).
- If treatment against insects and fungi is needed: use an appropriate preservative-therapeutic. Allow to dry for 48 hours.
- The new wood should be lightly sanded initially with sandpaper No120-150. Remove dust thoroughly.
- If you want to paint your wood, you can first apply Syntilor's Teinte à Bois wood paint and then seal the surface with Bouche Pores before applying Cire à l'Ancienne evinist wax

2

STEP

APPLICATION

- The product is ready to use.
- Apply Cire à l'ancienne with a brush (with pure silk fibers) or a wire sponge n°000, so as not to overload the surface.
- Repeat the process until the desired shade is achieved.
- Varnish after drying with a soft cloth (woolen or fine cotton).

3

STEP

MAINTENANCE

- On dull wood: Apply Cire à l'Ancienne with a cotton cloth. Varnish after drying with a soft cloth (woolen or fine cotton).
