APPLICATION

Apply with brush or roller. Mix very well before use it. It's ready to use on light colours. For dark colours, dilute with 10% water.

APPLICATION AND COATING INSTRUCTIONS

Avoid application in cold or humid conditions. Surfaces must be clean, dry and free of grease. Store in a frost-free area. Dilution will reduce the bonding ability of the sealant.

SAFETY PRECAUTIONS

In case of skin contact, wash immediately with plenty of soap and water. In case of contact with eyes, rinse immediately with plenty of water and consult a doctor.
